

PRIVACY POLICY

Flying Calmly

This app requires the following mandatory information.

Advertising ID for showing non personalized advertising. Ads are delivered by Google.
You can remove these ads completely by buying the option "Remove ads" from the premium options.

We require flight numbers and departure dates in order to calculate forecasts. Flight information is stored anonymously in our server.

We will store your push token in our server in order to be able to deliver push notifications. If you don't want this information to be stored in our server, answer NO when asked to grant permission for push notifications.

Our server is placed within the EU.

If you have further questions, please contact us at info@flyingcalmly.com.
